ABOUT AYDYA

The ION8 brand is part of the Aydy Group, a successful and long-established consumer goods group based in Scotland.

We operate globally with an international network of retailers and distributors.

We successfully operate multiple brands across various sectors.

We pride ourselves on producing high-quality products including our multi award-winning ION8 water bottles.

ION8

ABOUT ION8

The ION8 brand was formed in 2016. We started with just one product in three colours. This has now quickly grown to over 200 different SKUs.

The brand has generated substantial sales globally.

We have a global presence in both online and physical retail.

ION8 is a hydration specialist brand. We are experts in reusable water bottles and have a number of exciting new products in development.

Our bottles are design and patent protected.

ION8

AWARDS

The Aydyia Group were awarded the prestigious Queen's Award for Enterprise in 2021.

Since their introduction in 2016, our high quality products have been recognised with multiple international design awards, including RedDot, iF Design, and most recently the GOOD DESIGN® award, the oldest and most prestigious awards program organised worldwide for International Design Excellence.

As a Living Wage employer, Aydyia is committed to improving the lives of its workers by helping them earn a salary that supports a good standard of living, which goes beyond the national minimum.

ION8

ION8 ONE TOUCH

Internationally acclaimed award-winning design & function

Leak Proof

When closed, it is completely sealed.

Carry Safely

Integrated, hidden carry handle.

Triple Lock Security

For total peace of mind when throwing into a bag.

Hygienic

A hygienic cover keeps the spout safe & clean.

One Touch

Flips opens with a simple click.

Food Safe

BPA Free, food safe, odour resistant, keeps drinks fresh.

Spill Free

Smooth flow for spill-free hydration.

Dishwasher Safe

Crevice-free design, easy to clean & odour resistant. Top rack dishwasher safe.

ION8

OUR RANGE

We have a wide product selection. Our bottles come in various materials, sizes, colours and prints.

ION8 water bottles come in three materials: Insulated Steel (vacuum insulated double wall steel with thermal properties), Stainless Steel (non thermal single wall steel) and Recyclon (a plastic made with 15% bio-based material, and is food safe).

ION8 bottles come in 4 sizes: Small, Medium, Large and Extra Large. The capacity of these bottles varies from 320ml to 1200ml.

ION8 bottles come in various colours in every size and material, as well as a variety of printed designs.

ION8

OUR APPROACH

ION8 aim to keep identified core lines in stock at all times.

We have three warehouses in the UK, Netherlands and USA to ensure quick and efficient delivery to our global partners.

Our collection includes a number of core products that are a constant part of the range.

We can operate on a forecast model with our key clients to further enhance stock support.

We have exclusive factory agreements in place to ensure consistent ongoing supply to our customers.

MARKETING

ION8 work with a leading London based marketing agency to deliver a concise brand direction and high quality assets.

Our assets are readily available to our partners and they are designed to appeal to a wide consumer base.

We are building our social media presence and will continue to invest in this area.

We will work co-operatively with our partners to help grow brand awareness and drive sell through.

WE'RE

NEUTRAL**

∞²
**CARBON
NEUTRAL**

ION8

REUSABLE, SUSTAINABLE AND CARBON NEUTRAL

ION8 are committed to a 100% Carbon Neutral strategy and a meaningful contribution to the reduction of avoidable waste.

We achieve this with a 3 point strategy.

- **DESIGN**
Design products people love to use
- **REDUCE**
Minimize our carbon footprint
- **OFFSET**
Support initiatives to offset the footprint

OFFSET

Supporting causes globally.

Carbon Neutrality means that the carbon footprint of our company, our products, services & events has been calculated on the basis of internationally recognized standards and fully offset by supporting certified carbon offset projects.

Offsetting CO2 emissions is an important step in effective climate action, alongside avoidance and reduction. All Ion8 bottles offset carbon all the way from production to the end of its life, including eventual disposal of the bottle.

ION8

SUMMARY

ION8 are the fastest growing, high quality, UK based specialist hydration brand.

The brand is part of a highly credible, experienced and successful company.

We are looking to expand our business further and are excited about the opportunity to work with new business partners.

We believe our business, our brand, our product line and our overall approach makes us ideal partners for any retailer.

We feel we can help our partners to maximise the business opportunity within the fast-growing Hydration category.

We look forward to discussing the opportunity further in the coming weeks and are here to assist with anything that is required.

The ION8 logo features the word "ION" in a bold, black, sans-serif font, followed by the number "8" in a blue, sans-serif font. The "8" is slightly larger and positioned to the right of the "ION".

ION8

INSULATED STEEL RANGE

- High quality powder paint finish provides extreme durability
- Solvent free production process is highly environmentally friendly compared to standard paint finishes
- 3D embossed printed detail affords the consumer a unique product experience via the innovative raised print finish
- Latest designs from exclusive London based trend agency
- One touch opening, leakproof, fast flow, safety lock, easy fill, easy clean, hygienic covered spout
- Dishwasher safe
- High grade 18/8 vacuum insulated double wall steel with Thermoshield construction that keeps drinks cold for 24 hours
- Available in multiple sizes, colours and prints

RECYCLON RANGE

- RECYCLON® is a plastic made with 15% bio-based material, and is food safe. This makes ION8 Recyclon bottles a more environmentally friendly choice compared to most other brands
- 100% recyclable
- BPA Free, phthalate free and non-toxic
- Food agency approved internationally
- Unique and exclusive designs featuring frosted finish
- One touch opening, leakproof, fast flow, safety lock, easy fill, easy clean, hygienic covered spout
- Dishwasher safe
- Available in multiple sizes, colours and prints

RECYCLON INFORMATION

RECYCLON® is a recyclable carbon neutral bio-plastics made partly with plants. Recyclon uses enough plant materials to achieve carbon neutral* status. Furthermore, Recyclon has a lower melting point. This reduces both processing temperature and cycle time, dramatically reducing energy use, whilst retaining the high transparency of traditional PET-G resins.

Recyclon is approved by all major health authorities including EFSA (European Food Safety Authority), the US FDA and Japan's JHOSPA as a BPA free, phthalate free, non-toxic and safe material for food containers.

ION8 have chosen to use Recyclon as it provides a more environmentally friendly option when compared to the materials used by most other major water bottle manufacturers.
